

Trade up with the new Government incentive payments

Hire an Apprentice between 1st August 2020 and 31st March 2021 and you could receive up to £3,000.

TRADE UP!
The next generation of your business.

- Take on a new Apprentice aged 16-24 and receive **£2,000**, take on an Apprentice aged 25 or over and receive **£1,500***
- There is no limit on the number of incentive payments that an employer can claim for Apprentices eligible to receive funding, provided each Apprentice meets the eligibility criteria
- Payment will be made direct to you, the employer, in two equal instalments, where the Apprentice is still in learning at day 90 and day 365. At both of these points, you can claim equal payments of £1,000 for 16 to 24-year-olds or £750 for learners aged 25 and over
- You will need to claim via the Apprenticeship Service, and payments will be made directly to you. You will need to set up your account on The Apprenticeship Service portal in order to access the funding. JTL can assist with this process
- This incentive will be in addition to the existing **£1,000 government grant** available if you take on an Apprentice/s aged 16-18

* These incentives should not be confused with the Kickstart programme which the Chancellor also announced. The wage supplements announced as part of that scheme cannot be used for Apprentices.

Call JTL on **0800 085 2308** to speak to a member of our team, or if you are an existing JTL employer, get in touch with your local Training Officer.
