Dear Parent or Carer

Re: Student Travel

We have been made aware that, due to the high volumes of students who are travelling to and from the College each day, some are experiencing difficulty with public transport.

We would like to assure you that we are working hard to try and ease the pressures, and are liaising with the relevant transport companies in order to find a solution to current issues.

I want to give you my assurance that the College will ensure all students receive full understanding and support whilst we explore potential solutions, and that staff will work hard to ensure that learning is not negatively impacted if students arrive late on any given day.

We ask that students keep us informed of any specific challenges that they face in travelling to and from College by talking directly to their Student Manager. This feedback will help us to better understand the extent of the issues being faced, and will support us in our decision-making.

Please be assured that we are wholly committed to ensuring the best possible experience for all of our students on their chosen College programme, and of course we will keep you updated as appropriate.

Kind regards

Simon Nixon
Principal and Chief Executive
